

# Schedule of variable price plan charges

## for non-domestic customers

Our Variable Price Plan prices and terms will apply to your site(s) if our fixed price product period has ended and you have not taken a different product with us and you have not left our supply. In these circumstances, these VPP prices and terms will apply to your site(s) from the day after your fixed price product period ends.

All electricity customers who moved onto the Variable Price Plan from 01 March 2018 and all gas customers who moved onto the Variable Price Plan from 28 February 2019, will be charged in accordance with this schedule. We may offer to enter into a formal contract with you instead of charging you based on our VPP rates. These changes are subject to change or withdrawal and can be changed with 30 days' written notice. Your supply is also subject to our Terms and Conditions.
